SUMMARY

Computer Science graduate with a Data Analytics minor, specializing in AI, machine learning, and full-stack development; experienced in deploying production-grade, data-driven systems integrating GPT-4 across academic and industry projects

EDUCATION

Furman University | May 2026 | GPA: 3.74/4.00

Bachelor of Science in Computer Science; Minor in Data Analytics | Dean's List (All Semesters)

TECHNICAL SKILLS & COURSEWORK

- Languages: Python, Java, TypeScript, SQL, R
- Frameworks: Flask, TensorFlow, OpenCV, Pandas, Seaborn, Matplotlib
- Tools: Docker, Git, Tableau, ArcGIS, QGIS, Supabase, Cursor, Claude MCP, Vercel, Railway, Cloud Deployment
- Concepts: AI, Machine Learning, Data Science, Computer Vision, Statistical Modeling, Scalability, RESTful API
- Coursework: Data Structures & Algorithms, Database Management Systems, Networking

EXPERIENCE

Adani Management – Data Analyst (Incoming); Little Rock, Arkansas

August 2026

- Streamline product database operations in C-Store Pro and Modisoft across a portfolio of 100+ retail fuel sites
- Integrate AI-driven automation into traditional back-office workflows, replacing manual data entry and reconciliation
- Build Python and SQL pipelines to clean and de-duplicate item catalogs, improving pricing and margin reporting accuracy

Simsys Global – AI Engineer Intern; Seoul, South Korea

May 2025 - July 2025

- Designed AI-driven emergency wayfinding algorithm (Buildoc), improving quick routing by 75% for B2B client projects
- Developed AI model (Mask R-CNN + OCR) pipeline to automate 2D-to-JSON conversion, cutting modeling time by 85%
- Enhanced Claude MCP system, boosting AI server response accuracy by 70% with mcp.prompts() and mcp.tools()

Furman University IT Department - IT Student Desk Staff; Greenville, South Carolina

October 2022 - May 2026

- Resolved 200+ tech (software, hardware, network) issues, reducing average downtime by 30% using Team Dynamix
- Secured and configured 450+ devices and automated vulnerability scans with Python, boosting efficiency by 25%

PROJECTS

[FSAS - Furman Student Attendance System](#) (Next.js 14, TypeScript, Vercel, Railway, PostgreSQL, OpenAI GPT-4)

- Deployed full-stack QR-based attendance system with WebSockets and RLS, getting real-time (<1 s) secure updates
- Integrated GPT-4 AI assistants for Furman professors and students, automating analytics and study tools by 40%
- Designed 15-table PostgreSQL schema on Supabase with triggers and materialized views, optimizing queries by 65%

FloorPlanTo3D-API - Simsys (Python, Flask, Mask R-CNN, OCR)

- Developed a Python-OCR-Flask API pipeline (94.7% detection accuracy) for walls, doors, windows using Mask R-CNN
- Reduced manual floor plan modeling time by 85%, generating mm-accurate 3D JSON data within 30 s per image
- Integrated OCR (EN/KR) and spatial labeling, boosting architectural parsing coverage by 60% across 9+ test floor plans

Scriptify - AI Audio Transcription Tool (Tauri, TypeScript, Whisper AI)

- Developed a Tauri and TS app with Whisper AI to transcribe English/Korean audio with 90%+ accuracy
- Enabled cross-platform support and real-time transcription for files up to 25MB, cutting manual effort by 80%
- Implemented export to multiple formats and auto-language detection, improving user workflow for team meetings

Accident Analysis in Greenville County (Python, ArcGIS, QGIS)

- Analyzed 2 million records, found 5 hotspots causing 45% of injuries using Python (Pandas, SQL, Matplotlib)
- Created heatmaps that improved Greenville County's road safety planning efficiency by 30% (ArcGIS Pro, Tableau)
- Automated data cleaning with Python script, cutting processing time by 50%, enabling faster safety reports

LEADERSHIP & EXPERIENCES

ASA DataFest 2026 - 1st Place, Best Visualization; Duke University, Durham, NC

March 2026

- Represented Furman in a 48-hour competition, analyzing 7,225 sepsis patient records from Stormont Vail Health
- Won Best Visualization for a Sankey patient-journey diagram tracing 647 deaths to delays in sepsis diagnosis

Data Science and Machine Learning Club - Vice President; Furman University, Greenville, SC

August 2024 - May 2026

- Organized Furman's first-ever Data Fest 2025 with schools like UNC, leading to a 35% budget increase for 2025-2026
- Led Furman's most successful Data Mania with 14 teams (30% more than previous years), and 3 award nominations

Housing and Residence Life at Furman - Resident Assistant; Greenville, South Carolina

January 2023 - May 2026

- Mentored 85+ students across two residence halls, increasing community engagement by 30%
- Planned 15+ targeted events annually, increasing turnout by 40% with career workshops and wellness activities
